### DIRECTIONS TO BULUNGULA – FROM N2 (use these directions together with map)

Please call to ask which **route** is in the best condition at the moment.

**Route 1:** Take the Coffee Bay turn off the N2. Drive straight for 37km until you reach Nokholedji Store (yellow MTN container outside on right hand side of road). Take a right onto the dirt road and drive straight for about 10km. Follow the road as it curves sharply to your right (do not take left turn). After another 10km you will drive through a small stream and soon after you will reach the Arts Centre – turn right here (Embekweni Store will be on your right). (\*\*\*) Within 500m take a right at the first fork. After 7½km, keep left at the blue school. After 2km keep right at the next fork and after another 1km keep left at the next fork (if in doubt follow the main/widest road). Follow this road until just before it ends (another 6½km). On your right there will be a newish dirt road with some peach-coloured houses and a bright yellow corner fence pole as landmarks. Turn right on to this newish dirt road and drive straight for 5 km until you see the lodge parking area. It is a 500m walk from here to the lodge.

**Route 2:** Take the Coffee Bay turn off the N2. After 50 km you will see a tar road road to your right signposted "Zithulele Mission Hospital". Take this road and drive straight for 16.5 km where you will reach a right turn signposted "Bulungula". Take this right turn. This dirt road curves immediately left and then right down the hill. Follow this road for 9km (after 5km there will be a left turn, ignore it). At the 9km mark you will see a face-brick school on your left and then soon after you will reach a T-junction – keep left here. Drive straight for another 4km (ignore right turn after 1km) until you reach the shop with the huge wall - keep left at this junction. After another 1km you will see the signs to Bulungula/Arts Centre, turn left. Follow directions for Route 1 above (\*\*\*)

### DIRECTIONS TO BULUNGULA – FROM COFFEE BAY

Due to the bad roads around Hole-in-the-Wall, we recommend that you drive back up the Coffee Bay tar road towards the N2 and then follow either Route 1 or Route 2 above.
